The Scheme *inter alia* provides for reduction and reorganization of capital and reserves of the Company.

The Audit Committee of the Company noted the rationale and the benefits of the Scheme which, *inter-alia*, are as follows:

- a) The Company has suffered substantial losses during the past few years, due to which the Company’s retained earnings had turned negative.
- b) During the financial years 2020-21 and 2021-22, the Company implemented several strategic cost control measures, and evolved towards an asset-light model marked by lower overheads and liabilities.
- c) During the financial year 2021-22, the Company further strengthened the effectiveness of its manufacturing operations, improved the inventory turnaround time and widened its marketing cum distribution network.
- d) Despite generating substantial profits during the financial year 2021-22, the Company continues to carry a debit balance of Retained Earnings on its balance sheet as on 31st

March 2022. At the same time, the Company has unutilized balances lying under various reserves, which are neither earmarked for any specific purpose, nor have any lien marked thereon and/or obligation attached thereto.

- e) In the circumstances, the Company is of the view that the financial statements of the Company are not reflective of its true current financial health and therefore, it is necessary to reduce and reorganize the capital of the Company.
- f) The proposed Scheme proposes to set-off the debit balance of Retained Earnings of the Company against the credit balance lying in its Reserves (inter alia the Securities Premium).
- g) The proposed reduction and reorganization of the capital is in the interest of the Company, its shareholders, creditors and all concerned stakeholders. If the Scheme is approved, the books of the Company would present a fair representation of the financial position of the Company and would enable the Company to explore opportunities for the benefit of its shareholders.

The proposed reduction and reorganization of capital and reserves are in the best interest of the Company and its shareholders, creditors and all concerned.

3. Synergies of business of the entities involved in the Scheme

The current Scheme does not involve any merger/ demerger/ re-organization of the business of the Company with any other company.

4. Impact of the Scheme on the shareholders of the Company

- a) There is no outflow of pay out of funds from the Company and hence, the interest of the shareholders/ creditors is not adversely affected. For the removal of doubt, it is expressly recorded and clarified that the proposed Scheme shall not in any manner involve distribution of capital reserves or revenue reserves and shall be in accordance with the accounting standards prescribed under provisions of Section 133 of the Act.
- b) The reduction and reorganization of capital of the Company would not involve either a diminution of liability in respect of unpaid share capital or payment of paid-up share capital.
- c) This proposed Scheme is an "arrangement" between the Company and its shareholders under Section 230 of the Act and does not envisage the transfer of vesting of any

properties and/or liabilities as contemplated in Sections 230 to 232 and other applicable provisions of the Act. This proposed Scheme does not involve any "conveyance" or "transfer" of any property/liabilities and does not relate to amalgamation or merger or demerger of companies in terms of Sections 230 to 232 of the Act. - d) The proposed Scheme is expected to be beneficial to the Company and its shareholders and all other stakeholders.

5. Cost benefit analysis of the Scheme

Although the proposed Scheme would lead to incurring of some costs towards its implementation, however, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Company.

Pursuant to the Scheme no consideration, in form of cash, shares or otherwise, is proposed to be paid by the Company. Accordingly, there is no requirement to obtain a valuation report from a registered valuer, in connection with shares, assets or business of the Company. Since, valuation report is not required for the present Scheme, there is also no requirement to obtain any fairness opinion from a merchant banker.

7. Recommendation of the Audit Committee

The Audit Committee *inter alia* having noted the rationale, benefits and the impact of the Scheme on shareholders and others concerned and in particular the fact that the Scheme is not detrimental to the interests of public shareholders of the Company and in consideration of the documents placed before it, approves and recommends the Scheme to the Board of Directors of the Company for its consideration and approval.
